The Garden Room Package

The Garden room is surrounded on two sides with windows that will add just the right ambiance for your event. On the West side of the room the windows are covered with shutters that contribute to the feeling of a Georgian manner. On the South side of the room, there are 3 double garden doors that open to the adjacent tented patio. The room features a beautiful hand carved dark wood fireplace.

The Patio is enveloped by old growth trees. Every season offers beauty and spectacular scenery. Abundant perennial gardens and hanging potted plants offer wondrous color throughout the grounds.

The spacious lawn area flows to the Gazebo, which sits on a small pond. The evenings in Midway Utah during the spring, summer and fall months are temperate and pleasant. The calm mountain breezes will make sure that your guests can dance the night away while staying comfortably cooled off. At the Homestead Resort, we are always prepared for a change of plans. You won't have to worry about an unpredicted shower raining on your special day! With the garden room included in your wedding package, our banquet staff can seamlessly move your wedding inside while you and your guests continue to enjoy the evening.
