

Simon's Pub Presents
Live Music by Marigold
March 6, 2009 from 7:00 PM – 9:00 PM

While Angela, Stacey, and Kim began their musical careers many years ago, they first began playing together as BYU Folk Ensemble members in 2000. Each of them has toured all over the world, including across the United States, Europe, South America, and Asia, performing and sharing their love for music. Their music is played on the radio, featured in recent films, and recognized across the Wasatch Front for both an energetic and soothing sound all of their own. Their style is a unique combination of upbeat fiddle tunes mixed with original vocal songs in a playful, folk style. With the guitar, mandolin, fiddle, and bass, along with their blended voices, Marigold captures the beauty of folk music in a deep and refreshing way.
